Peace Gathering HEIWA-NOTSUDOI

Together with people you meet here ~

We can discuss about mountain, river
air, ocean, creatures, and resources.

"How are they?" "How are their conditions?"

"Why are they like that?" "What can we do for that?"

"What can I do, how in my daily life?"

We can live in nature together, sharing wisdom.

And we hope you can bring some souvenirs which are
encounters and experiences to your home.
